

i'm Activities

Plant Sapling Activity

We are conducting a plantation activity in Integra’s land at Bagepalli on **5th Aug, 2017**. A maximum of **15 volunteers** are desired for this visit. Subsequent maintenance visits will also be scheduled periodically, to ensure the plants actually live and grow.

i'm Tech

Blockchain

Blockchain technology, first instantiated with Bitcoin, a cryptocurrency, uses public key cryptographic techniques to create append-only unchangeable timestamped chain of content. Copies of blockchain are distributed on each participating node in the network.

Originally designed for keeping a financial ledger, the blockchain technology can be used for recording of events, identity management, transaction processing and medical records.

How IMSS is dealing with this change:

A small team at IMSS is conducting a pilot project based on Ethereum, an open source distributed blockchain network using EBaaS on Azure platform. The project focuses on recording and maintaining a person’s health records and financial records.

IMSS Offering

BPM

TRANSFORM BUSINESS PROCESSES.

Process Automation & Workflow Optimization
Deployment based on K2 and other platforms
Cloud BPM Integration

CUSTOMER APPRECIATIONS July

Shadab Ali
COMVIVA

MESSAGE FROM THE CUSTOMER

I would like to appreciate Shadab Ali for the effort which he has put for fixing the issues of Bank Muscat. He took self initiative to travel to Gurgaon office and collaborated with the team, fixed all the issues in less span of time, thereby making the application stable. Without Shadab Ali dedication it would not have been possible to make Bank Muscat deliverables live. Through his tremendous hard work, he made to believe that BM was never in a bad shape. The way he was responding to the queries and doubts 24X 7 is unmatched.

Jabamalai Raja
IISc

MESSAGE FROM THE CUSTOMER

I am thankful to the services rendered by Mr. Jabamalai Raja from DIGITS for admission of new students to Students Hostel and Mess management system held during 24th to 27th July 2017.

His services during the above period helped the hostel office in smooth allotment of both Hostel and Mess facilities to the newly joined students.

@Raja - well done. Keep up your good work as champion for Hostel Management.
